The scope of work proposed includes the demolition of the current Chrysler building and the renovation and expansion of the former Mazda building into an approximately 46,000 square foot facility for use by Chrysler, Jeep, Dodge and RAM brands. As part of this project, the Petitioner requested an appeal from the Village's Building Code to allow for the use of storefront glass, stucco, and aluminum architectural panels as the primary exterior materials. In addition, the Petitioner also requests the following variations:

1. A four (4) foot increase to the maximum monument sign height to allow for a fourteen (14) foot tall monument sign at the main entrance on 159th Street where ten (10) feet is permitted (Section IX.D.4.a.2);
2. A four (4) unit increase to the maximum number of wall mounted signs to allow for six (6) wall mounted signs where two (2) are permitted on a corner lot (Section IX.D.1.c);
3. A 43 square foot variance to the maximum amount of wall mounted sign area to allow for 163 square feet of wall mounted sign area where 120 square feet is permitted (Section IX.D.3.b);
4. A two (2) foot reduction in parking lot aisle width to allow for a 24 foot parking lot aisle width where 26 feet is required (Section VIII, Table 2); and
5. A one-half (0.5) foot reduction in parking space length and width to allow for 8'-6" by 18' parking space dimensions where 9' by 18'-6" is required (Section VIII.A.5).

The subject property is located in the B-5, Automotive Service Zoning District. A public hearing was held by the Plan Commission on May 15, 2014, and the variations were recommended for approval on a 6-0-0 vote. A component of the Chrysler Group project is the assemblage of the existing two (2) commercial lots that comprise the overall development site. The Plat of Consolidation will effectively create a single zoning lot under sole ownership of the Chrysler Group, as well as establish any easements required of the development. On May 15, 2014, the Plan Commission recommended approval of the Plat of Consolidation by a vote of 6-0-0. President Zabrocki noted that this item was in its final adoption stage and asked if anyone cared to address the Board. No one came forward. Vote by voice call. President Zabrocki declared the motion carried.

Trustee Hannon noted that as part of the Village's continuing study of the Petitioner's Application for Special Use Permit and having heard the voices of the objectors, the Village Board has requested further study of the Special Use Petitions before us. The Board intends to have the Village's telecommunications consultant provide additional review. We feel the need to study the application over again and be sure we have considered all potential impacts. Therefore, I ask that the Board table these Special Use Petitions to July 15, 2014, for second reading and consideration of Ordinance 2014-O-013. President Zabrocki asked if anyone cared to address the Board.

This item was heard at a public hearing held at the Zoning Board of Appeals meeting on May 22, 2014. The Petitioner, Jim Schapen, requested a five foot (5') variation to the required thirty foot (30') rear yard setback. The variation was requested to accommodate the addition of a three-season room where a concrete patio currently exists at the rear of the residence. The lot has steep grade changes in the side yard and rear yard that make it difficult for the addition to be built in another area. The proposed three-season room addition is 225 square feet and measures 15'x15'. On a vote of 6-0-1, the ZBA recommended that the Village Board grant the variation. President Zabrocki noted that this item was in its final adoption stage and asked if anyone cared to address the Board. No one came forward. This amendment revises Chapter 132 of Title XIII of the Tinley Park Municipal Code - Video Gaming, by eliminating the requirement of a sticker or decal for each gaming terminal and provides for the issuance of a license which must be displayed in a conspicuous place by the business. The amendment also includes a \$50 penalty for license renewals received after January 31st of the year following the expiration of the license. On May 20, 2014, the Village of Tinley Park entered into a lease agreement with the CSFN and SSMMA for a fiber optic networking system to service the region including portions of the Village of Tinley Park. During the negotiations for the lease agreement it was determined that there would be an economy of scale to add additional fiber network infrastructure from the 80th Avenue Train Station to the water tower on 179th Street. This infrastructure improvement would be installed by the CSFN contractor and funded through the

Village of Tinley Park through the current fiber optic budget line item. The construction contract under SSMMA is in the amount of \$144,534. This construction amount is \$152,466 under the previous Village construction estimate with a savings coming from the economies of scale with the regional fiber network contract.
