## Attachment D

Main Street North TIF District  
Village of Tinley Park, Cook and Will Counties, Illinois  
Statement of Activities  
Fiscal year ended April 30, 2015

In accordance with 65 ILCS 5/11-74.4-5(d)(7)(A&B) and 5/11-74.6-22(d)(7)(A&B), the following statement of activities is provided:

This TIF District was established by ordinance on 1 April 2003. The base year Equalized Assessed Value (EAV) for this District was certified by the Cook County Clerk on 29 August 2003 using the 2001 tax year EAV and totaled \$4,409,480.

Through the fiscal year ended as indicated above, the following projects have been undertaken, in process, or completed:

Project 1      Amazing Smiles dental office (completed 2004)

A vacant commercial building that had previously served as a bicycle shop was renovated for a dental office, and included the addition of a residential apartment above the dental office.

No public financial assistance was required with this project.

Project 2      Wheatfield Restaurant (completed 2004)

The owner of Wheatfield Restaurant, a popular Tinley Park restaurant for breakfast and lunch since 1983, acquired a partially vacant commercial property at the northwest corner of Oak Park Avenue and 170th Street in 2002 with the primary intent of redeveloping the property for a new and larger restaurant facility.

The building had been constructed in the late 1950s for a Jewel Food Store and an attached Walgreen's drug store.

The owner presented plans to redevelop the former drug store space as the new restaurant, improve the parking and landscaping. Future plans include redevelopment of the former grocery store (at the time occupied by a video store) for other commercial uses.

The Village of Tinley Park provided economic assistance to this redevelopment project in the form of assistance with landscaping, façade improvements, and a sales tax

incentive. However, no property tax increment funds are associated with this redevelopment project. The new restaurant location opened in July 2004.

Project 3      Tinley Park Arms (P.A.S.S.) mixed-use development (completed 2007)

The Pregnancy Aid for South Suburbia (P.A.S.S.), and other owners redeveloped three parcels in the 17200 block of Oak Park Avenue consisting of slightly more than  $\frac{3}{4}$  of an acre. This mixed-use development consists of 6,100 square feet of commercial space (4 units) on the ground floor, and 12,200 square feet of residential condominiums (8 units) on the second and third floors. The development includes external parking garages for the residential units, and incorporates a segment of the Village's rear yard parking plan that has been developed for the west side of Oak Park Avenue to consolidate driveway access points, minimize curb cuts, and improve traffic flow along Oak Park Avenue between 172nd Street and 173rd Place.

The developers requested financial assistance from the Village toward qualified infrastructure costs associated with the project in an amount not to exceed \$150,000 to be paid from TIF incremental revenues generated by the development. This assistance has been paid.

Project 4 - Springfort Hall mixed use development (completed 2007)

Springfort Hall entailed the redevelopment of three parcels immediately north of the P.A.S.S. building (detailed as Project 3 above). Also a mixed-use development, this project included approximately 9,300 square feet of commercial space on the ground floor, and 14 residential units including two penthouse suites with rooftop patios. This development incorporated underground parking for the residential units and continues the aforementioned Village rear yard parking plan along the west side of Oak Park Avenue.

The developers requested financial assistance from the Village toward the qualified infrastructure costs associated with the project in the amount not to exceed \$250,000 to be paid from TIF incremental revenues generated by the development. This assistance has been paid.

Project 5 - Fulton House remodel (completed 2006)

A former residential property has been renovated and was converted for use as offices for a real estate construction and management firm. The home has been locally recognized as part of the community's Historic District and had previously been owned and occupied by the family of John Fulton, Jr. whose parents and family were among the early settlers of Bremen Township and have long been civic leaders in the community and larger area. A prior owner had intended to open a bed and breakfast in the home,

but were unable to fulfill their dream. The structure is now occupied by a day care facility.

The Village provided financial assistance toward this earlier endeavor through a Façade Enhancement Grant and assistance in repaving a section of unneeded public street right of way adjacent to the property. However, no property tax increment funds are associated with this redevelopment project.

#### Project 6 - Forest Glen subdivision (site work began 2007)

A developer acquired the heavily wooded property that had formerly been the site of the local Lions Club Pool and adjacent picnic grove. The developer plan proposed to construct eight (8) single family homes on the property. Plans included construction/extension of a road and a new bridge across Midlothian Creek along with improvements to the adjoining roadways to provide better vehicular traffic flow and improved public safety access to the site and adjoining areas.

The Village provided financial assistance toward this project with the construction of the bridge and some of the adjacent roadway improvements. A portion of the bridge costs are to be recaptured as the residential lots are developed. However, no property tax increment funds are associated with this redevelopment project.

The developer sold two lots, and constructed one home before walking away from the project. The developer turned over the remaining lots to the bank in lieu of foreclosure. The downturn in the housing markets and the general economy associated with the Great Recession are significant factors in the lack of greater activity with this development.

#### Project 7 - Public Parking - Elmore Plaza (completed 2010)

During fiscal year 2010, the Village undertook a project to add a right turn lane for southbound Oak Park Avenue at 171<sup>st</sup> Street. Prior to this improvement, at certain times of day, traffic could back up for over one-half a mile. This project resulted in the loss of some off-street parking in front of certain businesses in the adjacent Tinley Square shopping center (formerly known as Elmore Plaza Shopping Center). To compensate for this lost parking, the Village agreed to improve a privately owned vacant lot behind and adjacent to the shopping center for public and employee parking.

#### Project 8 - JAL Midwest (site work began 2014)

During fiscal year 2014, the Village approved a proposed project to renovate and remodel a vacant commercial building for a new commercial use including the addition of a residential apartment above.

The Village approved a façade improvement grant that will reimburse a maximum of \$20,000 of qualified building façade costs once the project has been completed. However, no property tax increment funds are associated with this redevelopment project.

Based on projects that have been proposed, the Village of Tinley Park has contracted traffic studies to determine the adequacy of the existing roadways within the development area with specific consideration of proposed developments. Village staff and consultants have compiled a list of public and private infrastructure and other improvements that will either be necessary or desirable as part of redevelopment within the District and work continues on refining the cost estimates for these projects. Additionally, the Village staff and consultants continue to refine analysis of projected incremental revenues, and related developmental costs associated with the redevelopment projects that are being proposed by developers and under discussion.
