

Construction updates on key projects

Posted: April 11, 2025

See below for updates on two projects happening in Tinley Park.

175th Street Improvements

Cook County is reconstructing and widening portions of 175th Street and Ridgeland Avenue. The county will begin reconstructing the west side of Ridgeland Avenue from 175th Street to 600 feet south of 175th Street starting on Monday, April 14 through mid-May. During this period, a single one-way northbound lane of traffic on Ridgeland Avenue will be maintained at all times. Residents affected by the work will be given regular updates regarding parking limitations and street closures. The schedule is weather-dependent and may change weekly or daily.

Reconstruction of the east half of Ridgeland Avenue will follow immediately after work on the west half is complete. In accordance with Village ordinance, working hours will be from 7 a.m. to 5 p.m. Nicor's subcontractor, NPL, is continuing work on new Nicor lines. Pan Oceanic and D Construction are finalizing details to begin paving, which will start along the Ridgeland Avenue area and adjoining side streets.

80th Avenue Roadway/Bridge Reconstruction

Will County is widening and reconstructing 80th Avenue from 191st to 183rd streets. D Construction is continuing work on the Union Creek Bridge substructure through the end of the month, with recent rains having slowed progress. Underpass lighting is slated to begin on Monday, April 14. D Construction is requesting a time extension, which Will County is reviewing.
