

Street resurfacing begins

Posted: April 2, 2026

The Village has contracted with PT Ferro to repair or replace 6.87 miles of roadway on 48 streets as part of the 2026 Street Resurfacing Program.

Work will begin next week with concrete removal. The contractor will inform residents with a door notice a day before any work is done on their apron or curb. Work will proceed approximately in the order listed here.

Visit TinleyPark.org/StreetResurfacing for more information, including a map of streets that will be repaired/replaced.
